ABSENT: Bruce Shearer

Michael Berns, Building Inspector

2941 DELAWARE AVENUE – CARNIVOROUS SIGNAGE

Marcia Brogan stated that the paint under the window looks bad. She also added that the number on the door should be removed as it is already on the awning.

Michael Foster moved to approve the sign, as presented, with the condition that the building be power washed at the base and with the recommendation that the address on the door either be removed (as it's on the awning) or replaced (as the current address on the door looks to be in bad shape).

Seconded by Andrea Czopp and approved by all in attendance.

OTHER BUSINESS

Kathleen Johnson inquired if the Board was ready to discuss the Comprehensive Plan. The Board requested that this discussion begin at the next meeting.

As there was no other business, the meeting was adjourned. The next meeting scheduled for April 27, 2021 at 6:00 P.M.
